**DISCUSSION/ACTION: APPROVAL OF (2) ACTIVITY BUSES FOR OFF CAMPUS USE**

Ms. Ptak reviewed the recommendation for additional activity buses for Off Campus use. If buses are used for special education needs the district receives 70-80% reimbursement from the state. The cost of the buses is \$4400/year per bus. With the leasing of these buses the district avoids the need to rent buses for Off Campus students to participate in PE at the YMCA. They may also be used for field trips and site visits for Off Campus students.

Mr. Martin asked why these buses are being proposed at this time and were not proposed previously. Ms. Ptak recently met with Off Campus I.S., Doug Strong, and learned of scheduling issues with the yellow school buses. Because of the scheduling issues for students, the administration thought of the white activity buses as a potential solution. Ms. Ptak explained for an additional \$1400 Off Campus gains flexibility and better reliability in student transportation.

Mr. Boron requested a chart that shows the activity of the white buses currently at the buildings. Mr. Boron stated that he has seen white activity buses parked at the schools during the school day. Perhaps one of these buses could be used for Off Campus. Mr. Boron expressed concern about leasing 2 more buses before we are sure that we are dispatching buses in as efficient manner as possible. He requested more information to determine whether this decision is warranted.

Mrs. Siena stated that the buildings are responsible for scheduling the activity buses and there is data that can be shared regarding usage. She also mentioned that if the buses are

06/14/10

not used for special education students to a great extent, then the district may not claim special education reimbursement.

Mr. Shein asked Mrs. Siena if she was confident that we will receive the special education reimbursement. Mrs. Siena stated that she is confident that the district will receive the reimbursement over time.

Mr. Boron asked if the rules for reimbursement were subject to change because of the state's situation. Mrs. Siena stated that transportation reimbursement has not been slated for elimination.

Dr. Regalbuto mentioned that field trips would enhance Off Campus students' opportunities to participate in targeted activities in the community.

Dr. Riggle explained the logistical challenges of an Off Campus teacher or GBS employee who would need to retrieve activity buses from GBS for Off Campus use. The new proposal provides more availability and more flexibility for Off Campus students.

Mr. Pryma indicated that a number of teachers and coaches have taken advantage of the flexibility of using the leased activity buses for curriculum work during the school day.

Dr. Riggle stated that the administration is not looking for action at this meeting and can bring additional information in July.

Mr. Boron requested information regarding usage of leased buses during the school day. Dr. Riggle mentioned that the staff is bringing a cost savings to the district by their willingness to drive the buses. Dr. Regalbuto suggested pulling usage data from February/March during swim season.

**DISCUSSION/ACTION: CERTIFICATED & NON-CERTIFICATED  
RETIREMENTS**

Dr. Caliendo shared a summary of recent and upcoming retirements. He stated that this information gives the Board an idea regarding who, where and when staff plans to retire. Mr. Taub asked how typical the upcoming retirement numbers were. Dr. Caliendo and Mrs. Siena indicated that approximately 10 staff members per year is average. This information will be updated in the spring of 2011 and will be kept as a yearly running list.

**DISCUSSION/ACTION: SEMI-ANNUAL REVIEW OF CLOSED SESSION MINUTES & VERBATIM RECORDINGS**

Dr. Williamson reviewed her memo regarding closed session minutes and verbatim recordings. She recommended that the Board keep all closed session minutes confidential and destroy closed session recordings 18 months after their creation with the exception of those recordings that related to litigation.

**MOTION TO APPROVE THE RECOMMENDATION REGARDING THE SEMI-ANNUAL REVIEW OF CLOSED SESSION MINUTES AND VERBATIM RECORDINGS**

Motion by Mr. Boron, seconded by Wolfson to keep the minutes and closed session recordings outlined in the memo confidential and to approve the destruction of the closed session verbatim recordings 18 months after their creation with the exception of the verbatim recordings of the closed sessions from 12/7/2009, 12/14/2009, 1/11/2010, 2/8/2010, 4/12/2010.

Upon calling of the roll:

aye: Boron, Martin, Regalbuto, Shein, Taub, Wolfson

nay: none

Motion carried 6-0.

**DISCUSSION/ACTION: APPROVAL TO PURCHASE COMPUTER EQUIPMENT**

Dr. Riggle explained that this information is an extension of the technology budget. The information contained an overall list of computer purchases. Included in the information was equipment for a broadcasting computer replacement cycle.

Mr. Wolfson questioned the 3-year replacement cycle. Mr. Thimm explained the rationale for this cycle in that increased age brings increased failure of computers. Most manufacturers provide a 3-year warranty. After 3 years computers may become obsolete to applications needed. Mr. Wolfson asked about providing computers to low income students in the 3<sup>rd</sup> year if the district moved to a 2-year replacement cycle.

The Board asked for clarification regarding the need for Parallels software for Mac Books compared to using Boot Camp. Mr. Thimm explained that Boot Camp comes with the Mac. Not all teachers need the Parallels software.

Mr. Martin asked about the technology budget from FY10 coming in under budget. Dr. Riggle explained that the needs for Off Campus

may be addressed with these remaining funds when they move to 1835 Landwehr.

The Board asked about desk tops compared to lap tops relative to a replacement cycle. Mr. Thimm explained that the district tries to cascade older systems to areas where lesser needs exist. Computers do not remain static for the duration of their life.

Mr. Shein asked if PC's will always need monitor refreshes. Mr. Thimm indicated that PC's do need monitor refreshes and that flat screens are currently in place.

**MOTION TO PURCHASE COMPUTER EQUIPMENT**

Motion by Dr. Regalbuto, seconded by Mr. Wolfson to approve the purchase of computer equipment as stated in the memo from Mr. Thimm.

Upon calling of the roll:

aye: Boron, Martin, Regalbuto, Shein, Taub, Wolfson

nay: none

Motion carried 6-0.

**DISCUSSION/ACTION: BOARD POLICIES/PROCEDURES**  
**7040 POLICY EVENING HIGH SCHOOL**

Dr. Riggle reviewed Policy 7040. He explained the rationale for background checks for individuals 18 or older who apply to attend the Evening High School program. He highlighted the change in graduation requirements to match the new state requirements. GBE students are not exempt from taking the PSAE. This policy will be placed on consent for the next meeting.

**9200 POLICY & PROCEDURES ADVERTISING & DISTRIBUTING**  
**MATERIALS OR LITERATURE IN SCHOOLS/ON SCHOOL GROUNDS**  
**PROVIDED BY NON-SCHOOL RELATED ENTITIES**

Dr. Riggle reviewed changes to policy 9200 including changes in procedures. He noted that a School Board action requirement was written into the policy. Mr. Boron noted one additional change needed in policy 9200. Dr. Riggle will make that change prior to placing the policy on consent for the next Board meeting.

**9250 POLICY & PROCEDURES CORPORATE SPONSORSHIP**

Dr. Riggle reviewed the corporate sponsorship policy. New language was added that addressed a recent Supreme Court ruling.

Mr. Boron provided an explanation of his suggested language change. Dr. Riggle thanked Mr. Boron for his efforts relative to the work on policies.

#### **MISCELLANEOUS TOPICS**

Dr. Riggle stated that GroupWise has now been turned off. He distributed a guide to Microsoft Exchange for Board members.

Mr. Taub mentioned that the next Board meeting starts at 7:00 p.m. at GBS in the Student Activity Center. Dr. Riggle indicated that signs are being purchased for posting agendas for upcoming Board meetings. He stated that the microphone system will also be moved to GBS.

Mr. Martin stated that he appreciated the memo summarizing information from the police departments. The Board discussed the indication from police that there is more serious drug use by area youth. Mr. Martin asked for an agenda item that reviews trends in the community. Dr. Riggle explained that when the police are diligent, gang activity is diminished. Mr. Martin asked about gang activity at GBN or GBS. Dr. Riggle stated that there is no reason to believe there is gang activity in our schools. Illegal activity that is taking place is perpetrated by young adults not in school or who are unemployed. Fewer young people are interested in this type of activity. Dr. Riggle stated that the Golf Mill incident from the fall was a wake-up call. Dr. Riggle indicated that there is great communication and collaboration between the schools and the police departments of Glenview and Northbrook.

#### **REVIEW AND SUMMARY OF BOARD MEETING**

President Shein reviewed the following:

The Board recognized GBS Horticulture teacher, Jeff Yordy, on his Golden Apple nomination and the development of a donation garden.

Mrs. Freeman and Dr. Tuttle were acknowledged for their years of service to the district.

The Board approved the final \$10M of bond referendum dollars.

The district's bond rating remains AAA.

At the next meeting there will be follow-up regarding the usage pattern of activity buses and information regarding who was not able to obtain a bus because it was in use.

The Board received an update regarding future retirements to raise awareness of positions that will need to be filled next year.

The Board discussed a policy regarding Evening High School graduation requirements, a policy regarding advertising and a policy regarding corporate sponsorship. Policies will be placed on consent for the next meeting.
