STUDENTS AND STAFF WHO EXCEL

Ms. Geddeis announced the 50th anniversary kickoff for GBS entitled, *Titans Strike Gold*. She introduced Principal Wegley and Assistant Principal, Dr. Shellard.

Mr. Wegley referenced materials shared with the Board regarding GBS' 50th anniversary. Mr. Wegley explained the activities and

50th anniversary book that captures a history of GBS. He read an essay contained in the introductory portion of the book.

Dr. Shellard recapped the July 4th event that kicked-off the celebration. The Glenbrook Foundation has sponsored many of the activities related to the anniversary. Dr. Shellard explained the celebration through the decades in planning for the homecoming events. A telethon will be conducted for Youth Services. The variety show will include a luncheon for alumni. A Second City benefit will be held in April. A career event where alumni come back and talk to students will take place in the spring.

Mr. Wegley pointed out the link to the 50th anniversary activities on the website and the Facebook page hosting the GBS 50th information.

President Shein thanked the Glenbrook Foundation for their support of this event.

BOARD AND SUPERINTENDENT REPORTS

Dr. Riggle reviewed the current enrollment for GBS which is 2648 students. The administration anticipated 2657. GBS is down by 9 students. GBN currently has an enrollment of 2057 and anticipated enrollment to be at 2074. The district is down 26 students overall. October 1 is the official reporting day.

Dr. Riggle reported on the GBN and GBS football game and thanked Mr. Pryma for hosting the staff barbeque that included an invitation to GBS staff. GBS will host a barbeque this Friday. The Board was invited to this event.

Dr. Riggle stated that GBS will host Parent Night in the Classroom on Wednesday at 7:00 p.m.

Dr. Riggle stated that he is meeting on Tuesday morning with the Glenbrook retired teachers who meet regularly on the second Tuesday of the month. At this meeting the group will discuss the memorial for Werner "Bernie" Bernhardt. There has been a successful scholarship effort in which over \$5,000 was raised. Bernie was the longest serving Glenbrook teacher. He was a member of the staff from 1953-1997.

PUBLIC HEARING: BUDGET HEARING

President Shein declared the public hearing open and asked if there were any members of the public who wished to comment on the budget.

No members of the public commented on the budget.

President Shein declared public hearing closed.

DISCUSSION/ACTION: FOOD SERVICES - RECAP

Dr. Riggle explained that Quest food service is looking to find more natural foods that are produced in the area.

Dr. Ptak introduced Mike McTaggart and Bill Cadman from Quest. She stated that every year the District conducts a financial review of the food service program. Dr. Ptak provided a history of food service in the district and recent efforts that have placed the District on solid financial ground. She explained the rent-based agreement which is a win-win for both the District and Quest.

Dr. Ptak stated that operationally the students love the food choices. On average students spend \$3.00 per meal. 90% of District enrollment accesses the food service system. The food court concept is rare in public high schools.

Quest has Food Committee meetings with the students to obtain feedback. Mr. Cadman treats these as business meetings with minutes and follow-up.

Mr. Hammer commented that Quest prices seem reasonable and year-to-year there is little increase. Quest didn't raise prices a lot this year and they are doing their best to make sure there are some Value Meal items out there for students. The Value Meal has been \$2.75 since day-one.

Mr. Shein stated that he is happy to see Quest making a move away from Styrofoam containers.

Mr. Boron thanked Quest for picking up the cost of free and reduced students' lunch and breakfast.

President Shein asked if there was student survey data that Quest had collected.

Mr. McTaggart stated that the only student feedback has come from the Food Service Committee. He will ask the committee about conducting a survey.

Dr. Ptak stated that the number of transactions is a testament to how well the students like what Quest provides. Sales per capita have gone up.

Mr. Cadman stated that students participating in the free and reduced lunch program have three meal choices.

Dr. Riggle asked about the most popular items sold.

Mr. Cadman stated that deli sandwiches and bottled water are big sellers.

Mr. Shein asked how students have responded to the new *Quest for Life* items.

Mr. McTaggart stated that it is too early to tell. Quest is working on publicity for the program and reviewing the location of this station at GBN.

Mr. Cadman described the food on display at the meeting.

Dr. Riggle invited everyone in attendance at the Board meeting to sample the food prepared by Quest.

DISCUSSION/ACTION: BOOKSTORE - RECAP

Dr. Ptak provided the history of outsourcing the bookstore and the structure of the contract with Follett. Over 5 years the District is estimated to have saved \$310,000. The District is no longer carrying the cost of inventory and salary and benefits. 85% of students purchase from Follett.

The average price of books has been consistent from year-to-year. Follett has a 15% mark-up on textbooks and 12% on supplies. The District considered a rental program, but this would not benefit parents in cost savings. The District has asked Follett to propose a new contract. The bursar function the Follett serves is costly for them.

Mr. Martin asked about the proposals the District may receive from other vendors.

Dr. Ptak stated that it difficult to tell; there are some other companies in the market.

Mr. Martin asked what other districts use.

Dr. Ptak stated that Follett has three high schools, GBN, GBS, and New Trier. Most high schools run their own bookstore.

Dr. Riggle stated that Follett is a reseller, not a publisher. The market has changed. In the college bookstore market there is a lot of apparel sold. The bursar functions may be difficult for other vendors to handle. This is unique to Glenbrook. Because we collect a lot of fees at book sale Follett has to staff at twice the level in comparison to other places.

Dr. Riggle stated that the District will be researching the possibility of electronic textbooks.

Dr. Ptak stated that Follett reports losing \$250k over the term of their contract at Glenbrook. She suggested the need to look at staffing and possibly trying to conduct more bursar functions online.

President Shein asked about the timeframe in which the District would analyze the losses reported by Follett.

Dr. Ptak indicated that this would need to be done by October 1.

President Shein asked if the District was pleased with Follett's service.

Dr. Ptak stated that the District has been moderately satisfied with Follett. The support they are able to get at the regional level is not that solid.

Mr. Shein asked about the possibility of bringing the bookstore back in-house.

Dr. Ptak stated that Follett has more of a market for used and discontinued textbooks compared to what the District could access in-house.

Mr. Boron suggested separating the bursar function from the book sale function to reduce the losses reported by Follett. He stated that the District should ask for a bid if just textbooks are handled by Follett and the bursar function is handled by the District or by other means.

Mr. Shein summarized that Dr. Ptak will provide a report in October regarding the losses reported by Follett and possible directions to pursue with regard to bookstore and bursar operation.

MISCELLANEOUS TOPICS

Dr. Riggle brought to the Board's attention a situation that came to the administration earlier that day. The catwalk lifeline at GBN is not capable of holding the weight of a person nor is the safety harness appropriate. The harness can potentially cause injury. SSCRMP has advised the District to reinforce the lifeline and purchase new harnesses. Dr. Riggle indicated that the administration wants to move on this as quickly as possible.

There is money in the budget set aside for safety problems. Dr. Riggle stated that the administration did not want to make a purchase of this amount without bringing the situation to the Board's attention. He stated that no action is needed tonight. The District needs to put in a new lifeline that will support the proper weight.

Dr. Ptak referenced a document that was distributed to Board members that included pictures of the catwalk.

Mr. Hammer asked if GBS had the same situation.

Dr. Ptak stated that at GBS the person is sitting at all times and there is a slight lip on the catwalk. The administration will be recommending a change at GBS, but the situation is not as pressing and will come in at a small cost.

Mr. Taub asked if there was time to consider other options.

Dr. Ptak reviewed the options that the administration considered before bringing this item to the Board.

Mr. Taub asked why the Board should wait two weeks to approve this purchase.

Dr. Ptak stated that mid-October is the first actual event at GBN. The solution presented to the Board was the lowest quote obtained. There are discretionary safety funds in the budget for things of this nature.

President Shein asked if there was consensus among Board members for approving this item.

Board members determined that they would vote on this item.
