

Section A - Fees

1. It shall be the policy of the Board of Education of District #225 to prohibit the assessment of individual student fees as a precondition for student success in any class. This policy applies to field trips, special resource material fees, and use of equipment fees. This policy does not preclude the required purchase of usable items which become the property of the student when such items have been approved by the school principal.
2. The school administration shall assess a fixed charge for the use of school towels.

Section B - Supplies

It shall be the policy of the Board of Education of District #225 that school supplies may be sold only through the school bookstores. All monies for school supplies shall be collected at the school bookstores. Supplies such as auto parts, wood, and clay may be obtained by students from the classroom teacher upon presenting a receipt of payment from the bookstore.

Section C - Student Fines and Assessments

1. It shall be the policy of the Board of Education of District #225 that students shall be held responsible for payment of damage to equipment, furnishings and building resulting from the student's careless usage, misconduct, or violation of instructions or established rules and regulations.
2. Students are expected to pay library, parking, and other fines assessed because of the student's violation of school rules or loss or abuse of school property.
