

Section A

It is the policy of the Board of Education of District #225 that tax monies shall not be expended for student transportation between the students' homes and the school except for transportation of Special Education students as required by The School Code.

Section B

The Board of Education shall designate annually the authorized bus company or companies which shall be permitted to use school properties to load and unload Glenbrook students. This permission shall be denied to non-authorized bus companies. On-campus procedures for authorized bus companies shall be developed by the school principal or the principal's designated representative.

Section C

The Board of Education shall provide, at cost to each authorized bus company, a list of mailing labels for all Glenbrook students. This list is to be maintained in a confidential manner and is not to be duplicated for or forwarded to any other individual or agency.

Section D

Rules and regulations concerning student conduct on buses shall be instituted and enforced by the authorized bus companies and shall not be inconsistent with Board of Education policies dealing with student conduct on school premises. Failure of the authorized bus company to enforce such disciplinary standards may result in the bus company losing its authorization to access school premises. The dean of students is authorized to cooperate with officials of the authorized bus companies in matters of serious student misconduct.
