Community members discussed:

Proposed schedule (calendar) change

Opposed to the collegiate calendar
- Does not work for high school students
- Takes away from family time because students are away at summer camp
- Do not agree with the idea of having finals before winter break
- Pros and cons need to be more fully developed
- Effect on sports, camps, holiday concert, summer work
- Students need a break before finals
- Not an actual collegiate calendar (not the same amount of time away from school)
- Feels the change to the collegiate calendar would cause more stress for students
- Impacts family life
- Wants to understand the rationale for wanting to change the calendar
- Just because other districts have changed we don’t have to
- Suggestion to start after Labor Day
- Tremendous trickle-down effect to feeder districts

- Noted there is a petition with over 1000 signatures who are opposed

Survey concerns

- Survey respondents were not allowed to give rationale for their answers
- Questions were very leading
- Should have given more people the opportunity to take the survey
  - All taxpayers in the district
  - Private feeder schools
- Better education needed on the impact of changes
- Many have not received the survey even though they should have
- If the survey is flawed so is the data
- The community should be provided the data from the survey

- Calendar topics needs much more discussion
